

» A historic Tudor farmhouse designed by KGA Studio Architects boasts epic beauty. “It’s still considered to be an old brick Tudor house in line with the 1930s architecture. We didn’t want to abandon the original nature of the home,” says Paul Mahony, KGA project architect.

Top Architects

We are pleased to introduce our guide to the top architects working in Colorado. The list was compiled from recommendations from photographers, designers, homeowners and our staff. Firms that have been featured in CH&L during the past two years will receive a special designation. Businesses that have been featured in CH&L but are based outside the state appear at the end of the list. For firms that have multiple locations, we feature the address of their main office.

» With the help of Z-Group Architects, an Aspen home features pristine views. The 26,263-square-foot lot is very steep, so the team at Z-Group Architects built an elaborate foundation and went up as high as possible to capture the best views possible.
